

THE ULTIMATE BREAKTHROUGH IN E.C.G. ELECTRODES

PRE CABLED, PRE GELLED & PRE POSITIONNED LECSTRIP™ E.C.G. ELECTRODES CATALOGUE

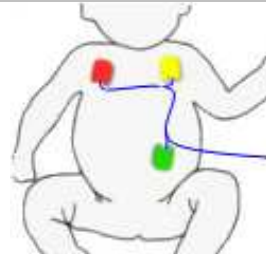

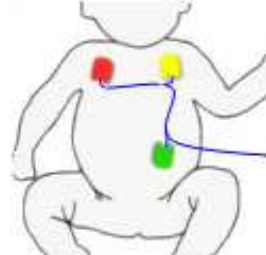

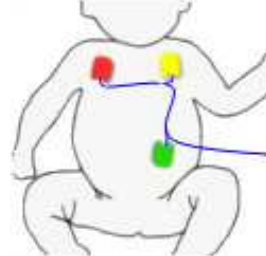

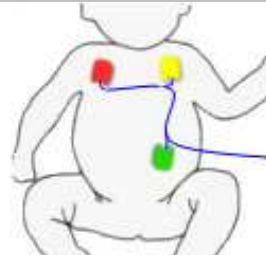

CE

- LESS THAN ONE MINUTE TO COMPLETE AN E.C.G.
- PREVENTS CONNECTING MISTAKES
- ENHANCES ELECTRODES POSITIONNING
- SINGLE PATIENT
- HYGIENIC – HELPS MANAGE AND REDUCE CROSS INFECTIONS
- AVAILABLE IN RADIO TRANSPARENT FOR X-RAY, MRI, ANGIOGRAPHY, CATHETERISM, ETC...
- LONG TERM USE WITH GOOD ADHESIVITY – CAN BE REPOSITIONNED
- NON STERILE

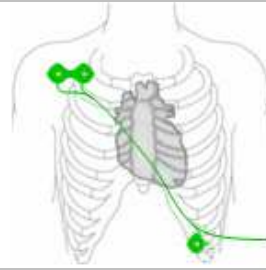

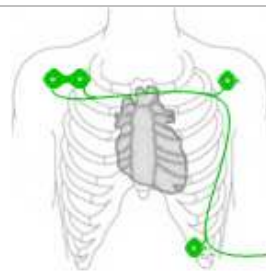

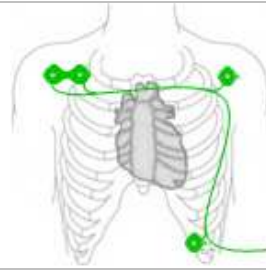

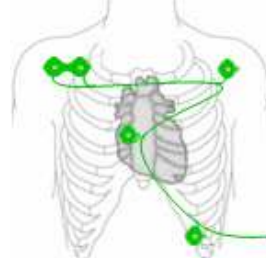

WEGROW MEDICAL Dpt. - Wegrow Industry Co. Ltd., Flat 1401, 26-28 Cameron Rd, Tsimshatsui, Kowloon, HONG KONG

PRE CABLED, PRE GELLED & PRE POSITIONNED LECSTRIP™ E.C.G. ELECTRODES CATALOGUE

Designation	Reference	Description	Use	Leads	In addition to	Compatible ECG cable	Packing	Photo
LecStrip™ Neonat	70903	The kit includes - one strip of 4 electrodes (3 patches of 22 x 22 mm) - a simplified 4 pin RJ connector - copper wires	Neonatal monitoring	Up to 3 limb leads : DI, DII, DIII			3 leads 1 kit / pouch 60 pouches / box 12 boxes / carton	
LecStrip™ Neonat RT	71903	The kit includes - one strip of 4 electrodes (3 patches of 22 x 22 mm) - a simplified 4 pin RJ connector - carbon wires for radiotransparent applications	Neonatal monitoring	Up to 3 limb leads : DI, DII, DIII			3 leads 1 kit / pouch 60 pouches / box 12 boxes / carton	
LecStrip™ Paediatric	70906	The kit includes - one strip of 4 electrodes (3 patches of 22 x 27 mm) - a simplified 4 pin RJ connector - copper wires	Paediatric monitoring	Up to 3 limb leads : DI, DII, DIII			3 leads 1 kit / pouch 60 pouches / box 12 boxes / carton	
LecStrip™ Paediatric RT	71906	The kit includes - one strip of 4 electrodes (3 patches of 22 x 27 mm) - a simplified 4 pin RJ connector - carbon wires for radiotransparent applications	Paediatric monitoring	Up to 3 limb leads : DI, DII, DIII			3 leads 1 kit / pouch 60 pouches / box 12 boxes / carton	

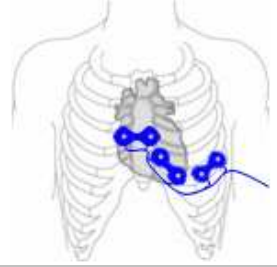

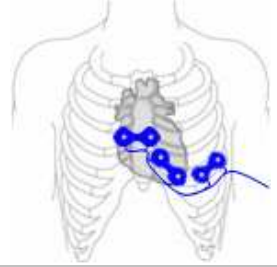

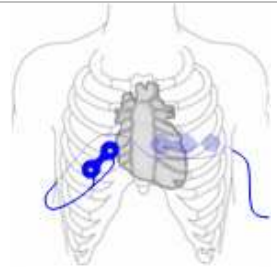

PRE CABLED, PRE GELLED & PRE POSITIONNED LECSTRIP™ E.C.G. ELECTRODES CATALOGUE

Designation	Reference	Description	Use	Leads	In addition to	Compatible ECG cable	Packing	Photo
LecStrip™ M-3	70901	The kit includes - one strip of 3 electrodes (2 patches) - a simplified 4 pin RJ connector - copper wires	E.C.G. monitoring	According to the positioning of the kit , only one lead can be monitored : DI, DII or DIII		3 leads	1 kit / pouch 60 pouches / box 12 boxes / carton	
LecStrip™ M-4	70904	The kit includes - one strip of 4 electrodes (3 patches) - a simplified 4 pin RJ connector - copper wires	E.C.G. monitoring	Up to 6 standard limb leads : DI, DII, DIII aVR, aVL, aVF		3 leads 6 + 4 leads 6 + 2 leads 6 + 1 leads	1 kit / pouch 50 pouches / box 12 boxes / carton	
LecStrip™ M-4 RT	71904	The kit includes - one strip of 4 electrodes (3 patches) - a simplified 4 pin RJ connector - carbon wires for radio transparent applications	E.C.G. monitoring	Up to 6 standard limb leads : DI, DII, DIII aVR, aVL, aVF		3 leads 6 + 4 leads 6 + 2 leads 6 + 1 leads	1 kit / pouch 50 pouches / box 12 boxes / carton	
LecStrip™ M-5	71905	The kit includes - one strip of 5 electrodes (5 patches) - a simplified 6 pin RJ connector - carbon wires for radio transparent applications	E.C.G. monitoring	Up to 6 standard limb leads : DI, DII, DIII aVR, aVL, aVF + One chest lead from V1 to V6 according to kit positioning		5 leads 5 + 5 leads	1 kit / pouch 40 pouches / box 12 boxes / carton	

PRE CABLED, PRE GELLED & PRE POSITIONNED LECSTRIP™ E.C.G. ELECTRODES CATALOGUE

Designation	Reference	Description	Use	Leads	In addition to	Compatible ECG cable	Packing	Photo
LecStrip™ 12-D	70512	The kit includes - two strips, one of 4 limb electrodes (3 patches), one of 6 chest electrodes (3 patches) - two simplified and different RJ connector (4 and 6 pin) - copper wires	E.C.G. diagnostic E.C.G. monitoring Holter Stress test	6 standard limb leads : DI, DII, DIII aVR, aVL, aVF + 6 chest lead : from V1 to V6		3 leads 6 + 4 leads 6 + 2 leads 6 + 1 leads	1 kit / pouch 25 pouches / box 12 boxes / carton	
LecStrip™ 12-D RT	71512	The kit includes - two strips, one of 4 limb electrodes (3 patches), one of 6 chest electrodes (3 patches) - two simplified and different RJ connector (4 and 6 pin) - carbon wires for radio transparent applications	E.C.G. diagnostic E.C.G. monitoring Holter Stress test	6 standard limb leads : DI, DII, DIII aVR, aVL, aVF + 6 chest lead : from V1 to V6		3 leads 6 + 4 leads 6 + 2 leads 6 + 1 leads	1 kit / pouch 25 pouches / box 12 boxes / carton	
LecStrip™ 12-D Chir	70513	The kit includes - two strips, one of 4 limb electrodes (3 patches), one of 6 chest electrodes (6 patches) - two simplified and different RJ connector (4 and 6 pin) - copper wires	E.C.G. diagnostic E.C.G. monitoring Holter Stress test	6 standard limb leads : DI, DII, DIII aVR, aVL, aVF + 6 chest lead : from V1 to V6		3 leads 6 + 4 leads 6 + 2 leads 6 + 1 leads	1 kit / pouch 25 pouches / box 12 boxes / carton	
LecStrip™ 5V	71105	The kit includes - one strip of 5 electrodes (3 patches) - a simplified 6 pin RJ connector - carbon wires for radio transparent applications	E.C.G. diagnostic E.C.G. monitoring Holter Stress test	5 chest lead : from V2 to V6	LecStrip™ M5	5 + 5 leads	1 kit / pouch 40 pouches / box 12 boxes / carton	

PRE CABLED, PRE GELLED & PRE POSITIONNED LECSTRIP™ E.C.G. ELECTRODES CATALOGUE

Designation	Reference	Description	Use	Leads	In addition to	Compatible ECG cable	Packing	Photo
LecStrip™ 6V	70106	The kit includes - one strip of 6 electrodes (3 patches) - a simplified 6 pin RJ connector - copper wires	E.C.G. diagnostic E.C.G. monitoring Holter Stress test	6 chest lead : from V1 to V6	LecStrip™ Monitoring	4 + 6 leads 4 + 2 leads 4 + 1 leads	1 kit / pouch 40 pouches / box 12 boxes / carton	
LecStrip™ 6V RT	71106	The kit includes - one strip of 6 electrodes (3 patches) - a simplified 6 pin RJ connector - carbon wires for radio transparent applications	E.C.G. diagnostic E.C.G. monitoring Holter Stress test	6 chest lead : from V1 to V6	LecStrip™ Monitoring	4 + 6 leads 4 + 2 leads 4 + 1 leads	1 kit / pouch 40 pouches / box 12 boxes / carton	
LecStrip™ 17-D	70117	The kit includes - one strip of 5 electrodes (3 patches) - a simplified 6 pin RJ connector - copper wires	E.C.G. diagnostic	Posterior and right complementary chest leads : V3R, V4R V7, V8, V9	LecStrip™ 12-D LecStrip monitoring LecStrip™ 12-D chir	4 + 6 leads 5 + 5 leads	1 kit / pouch 40 pouches / box 12 boxes / carton	
LecStrip™ Holter 2D	70902	The kit includes - one strip of 4 electrodes (3 patches) - a simplified 4 pin RJ connector - copper wires	Holter	2 leads		3 leads	1 kit / pouch 50 pouches / box 12 boxes / carton
